

HPE GreenLake: The Cost Benefits of Consumption IT

The HPE GreenLake hybrid cloud solution offers a flexible, fair, and fully transparent IT cost for your clients' businesses. Start the conversation today with these useful facts and figures:

Why choose pay-as-you-go IT?

How it works

GreenLake Flex Capacity

Scale your infrastructure as and when you need it, with pay-as-you-go metered usage.

HPE Pointnext

Choose your infrastructure based on your environment, then deploy Pointnext experts to help design, implement and manage a cost-effective solution.

GreenLake Central

Purchase, manage and optimise your IT, all through one self-service dashboard.
